

SONDEX®

Sondex Holding A/S

Danfoss and Sondex to join forces in heat transfer solutions

We are pleased to announce that Danfoss has acquired full ownership of Sondex Holding A/S. This step marks the coming together of two strong players to create a global leader in heat transfer solutions.

We are very pleased with the opportunity to join forces with a market-leading and renowned business partner with whom Danfoss already has a strong and long-standing relationship in key markets and segments. By joining forces we are able to offer a broader, even more competitive and innovative product and service portfolio within heat transfer to the benefit of our customers.

The Danfoss and Sondex sales organizations will both continue as today, which means that your current contact person and your way of doing business with us will not change. Also, the Sondex and Danfoss product brand names will remain unchanged in the future.

As always, we thank you for the relationship we already enjoy with your organization.

We will be happy to answer any questions you might have.

Best regards,

SONDEX HOLDING A/S

Aage Søndergaard Nielsen
